

# TWERPS

*The West End Rambling for Pleasure Society*

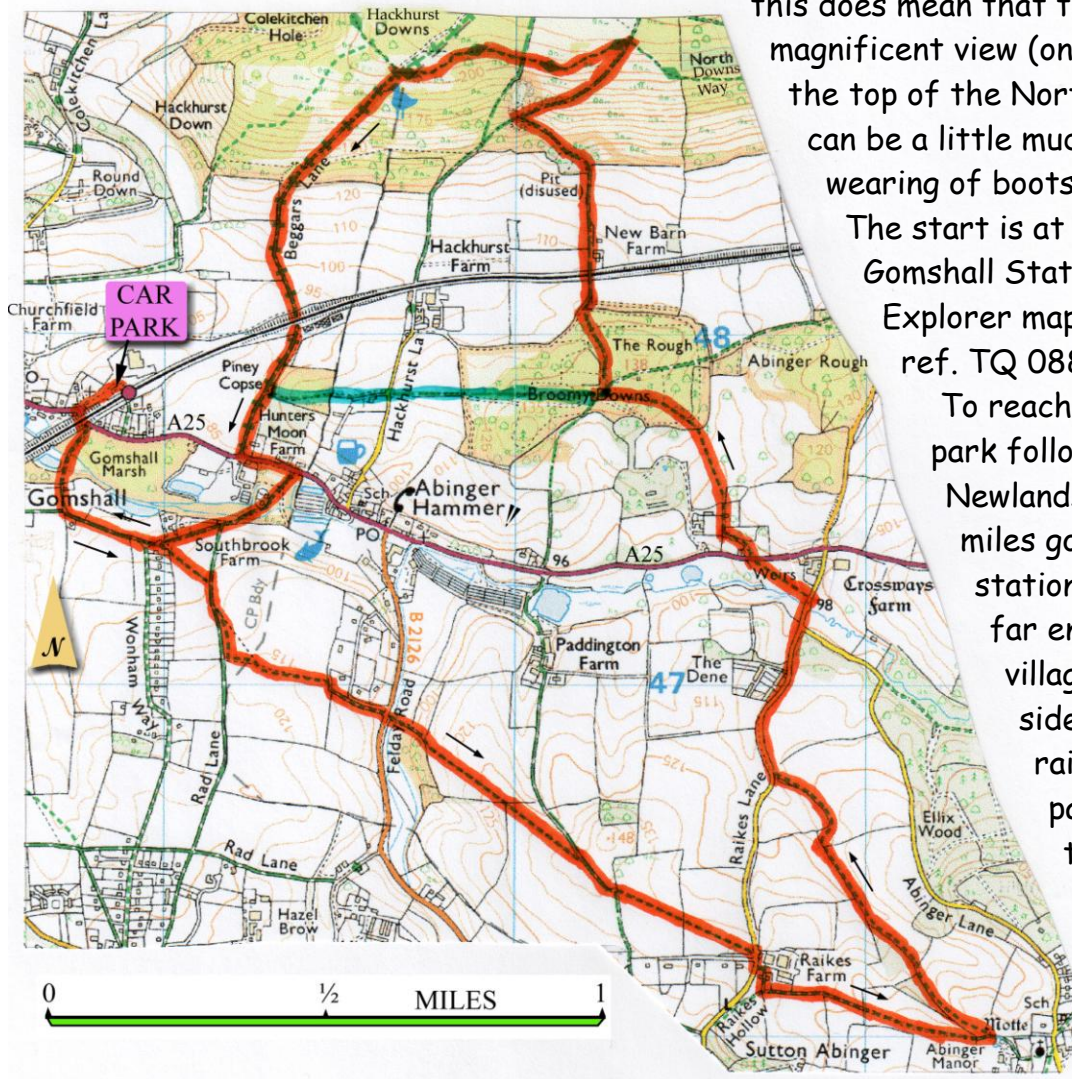

**Sunday 10<sup>th</sup> April 2011**

**A**nn Armstrong and Keith Atkins have offered to lead this 7 mile walk, which involves only 8 stiles, and is expected to take about 4 hours including the usual stop for your refreshments on the way. Initially there are only easy climbs and descents but there is a long, and rather taxing, ascent up to the top of the North Downs and a long descent down to the valley again further on. Anyone wishing to avoid this can take the short route, shown in blue on the map below, which will reduce the length of the walk to about 5 miles although

this does mean that they will miss the magnificent view (on a fine day) from the top of the North Downs. The route can be a little muddy in the wet; wearing of boots is recommended.

The start is at 10:00 a.m. From Gomshall Station car park (OS Explorer map 145 and 146 grid ref. TQ 088 478)

To reach the station car park follow the A25, via Newlands Corner, for 3 miles going east. The station car park is at the far end of Gomshall village, on the left hand side, just before the railway bridge. The parking area is at the top end of the access road and parking is free.

West End to Gomshall station car park - about 40 mins. **Walk No. 298**
