

TWERPS

The West End Rambling for Pleasure Society

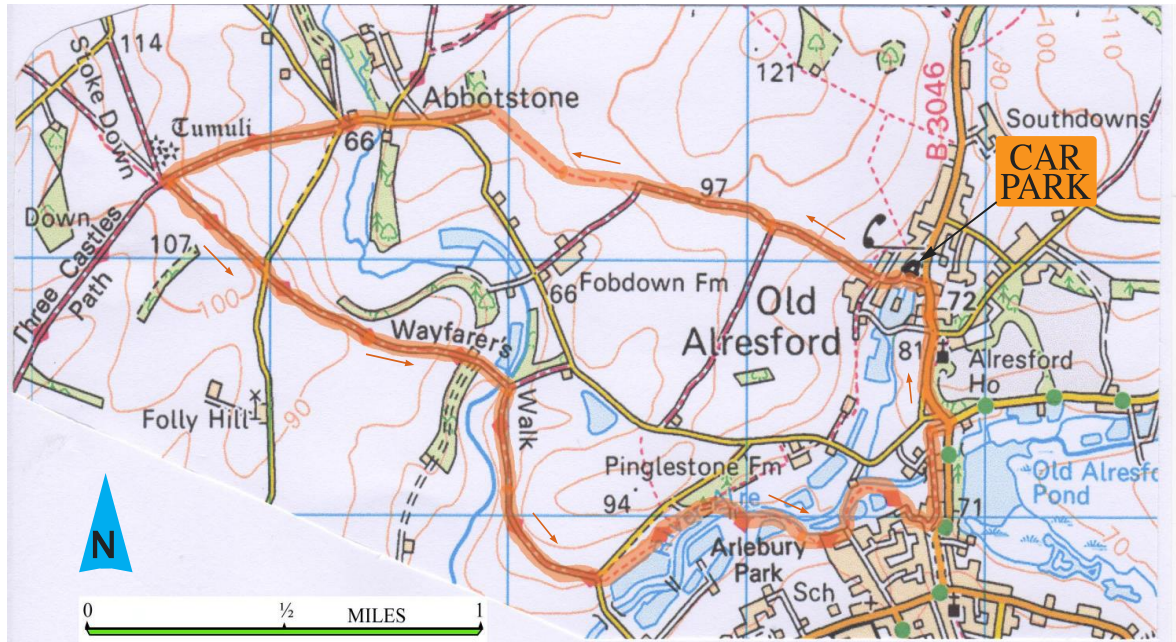

Sunday 14th May 2017

The May walk is 6 miles in length and crosses some typical Hampshire farmland, before descending to walk along the bank of the River Arle into New Alresford and then back to Old Alresford. We will use sections of the Three Castles Path, Wayfarers Walk and The Arle Millennium Trail. It is a varied and interesting route with no steep descents or ascents. At the time of writing the route was dry and provided easy walking. After the walk we plan to have lunch at the Horse and Groom in New Alresford. If you would like to join us can you email me your names by Saturday May 6th; so I can make the booking.

As usual we will start at 10.00am from the Old Alresford Village Hall Car Park GR: 586340 OS Explorer Map 132. To access that start from West End go to Farnham and take the A31 towards Winchester. You will pass through Four Marks and then Ropley. After Ropley you will see on your left a Shell filling station followed by a roundabout. At this roundabout take the B3047 signposted New Arlesford and Bishops Sutton. Travel for approximately 2 miles through Bishops Sutton into New Alresford. Once you have reached the outskirts of the town the first road on your right opposite the Community Hall is Broad Street and it is broad!! Turn right down this street and follow it through to Old Arlesford passing the Old Alresford Pond and a church on your right, the church has an unusual crenelated tower, Next you will see the Alresford Care home on your left. Shortly after the Care home the road bends left towards a village green and if you look across the green on your left, you will see the Village Hall and car park set back from the road.
