

# TWERPS

*The West End Rambling for Pleasure Society*

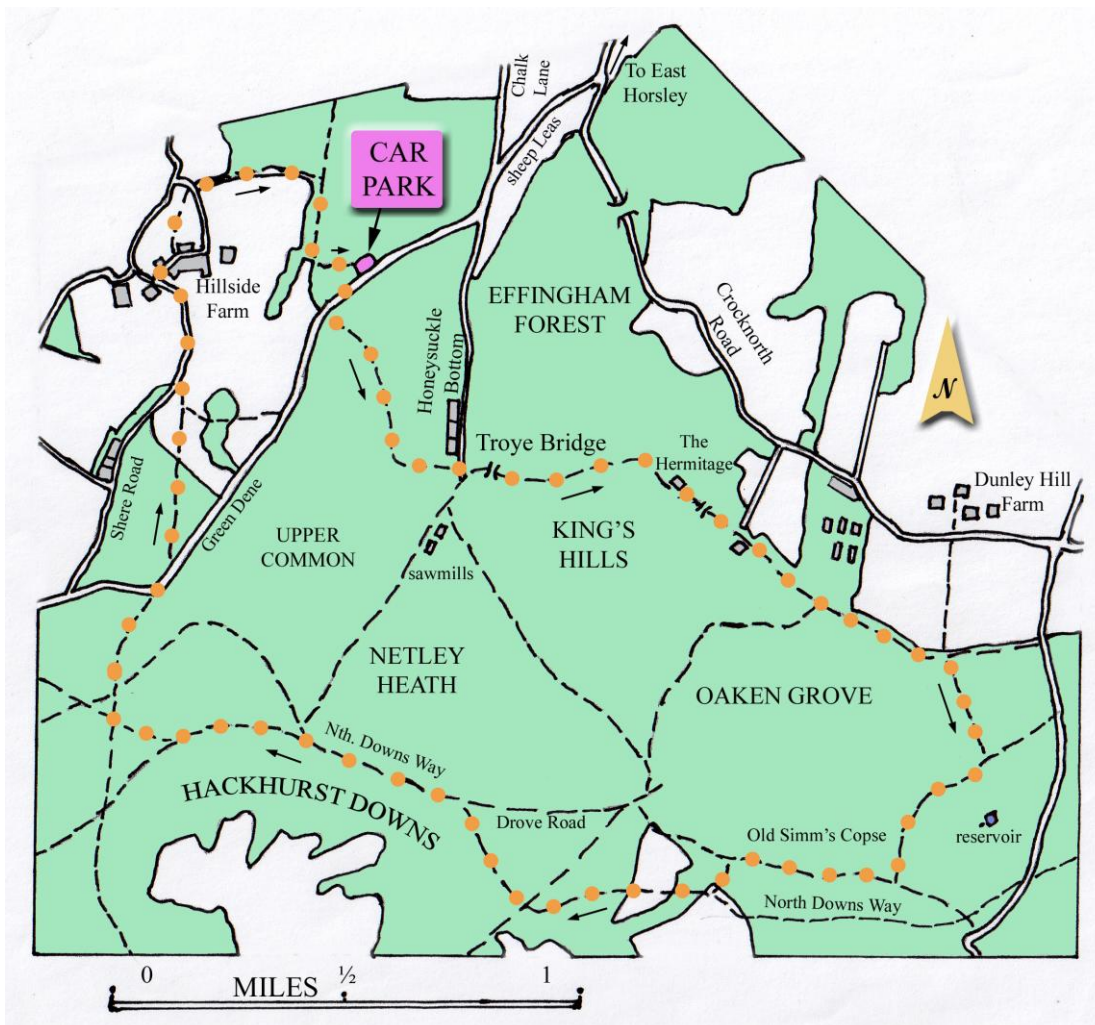

**Sunday 7<sup>th</sup> November 2010**

Niaouli and I should be back from our holiday to lead this walk of 7 miles. We start at 10:00 a.m. from the Sheepleas car park (OS Explorer map 145 - grid ref. TQ 091 509) off the Green Dene road; this can be reached via the A246 just after East Horsley. Passing the Duke of Wellington hotel in East Horsley on the left, the road bends shortly left towards Effingham. After just over a quarter of a mile turn right (signposted: Green Dene, Sheepleas and Shere) and continue down the road for 1½ miles to the Sheepleas car park on the right.

The walk starts off with a fairly steep climb and then a quick descent down to a small

road. There are no really difficult bits after this and we start to follow the North Downs Way on the southern stretch of the walk where we intend to stop for elevenses at a place with a fantastic view (weather permitting).

Our return to the car park should be at well before 2 p.m.

West End to Sheepleas car park - about 40 mins. **Walk No. 293**
